Pervious Concrete...
An Environmentally & Economically
Sound Choice!

Pervious concrete is a unique and effective means to address important environmental issues and helps to fulfill requirements in the LEED Building Rating Program. By capturing stormwater and allowing it to seep directly into the ground, pervious concrete is instrumental in recharging groundwater and reducing stormwater runoff. Plus, pervious is listed in the Department of Environmental Protection (DEP) Best Management Practice manual.

Property owners can reduce fees and enhance their bottom line by using pervious concrete, which reduces the amount of labor, construction, and maintenance by eliminating the need for retention ponds, skimmers, pumps, drainage pipes, and other costly stormwater management systems.

PACA has been promoting the benefits of pervious concrete to design professionals across the state of Pennsylvania. One of the most frequent questions we get is, "Are there qualified installers for this product?"

We have made a commitment to train the industry on the installation of pervious concrete by conducting the NRMCA's Pervious Concrete Contractor Certification Course.

For a list of certified installers or to register for this event online, go to www.specifyconcrete.org.

Registration Information

Register up to two attendees below. Photocopy for additional.

Registrant's Name:		
Company:

Pervious Presentations
& Demo

The Demo will feature two presentations: one on admixture technology presented by Bob Harris, Sika Corporation and the second on pervious concrete.

Attendees will gain a better understanding of concrete admixtures including: What are admixtures? Why are they used? And when should they be used?

Demo attendees will receive two hours of continuing education credits.

Pervious Demo & Presentation Registration

This event is open to all & no registration fee applies.

Complimentary lunch provided.

<u>DEMO SCHEDULE</u> *	
11:00 AM	Sign-in
11:30 AM	Presentations w/ lunch
1:00 PM	Demo

Class Policies:

- Form may be duplicated for additional registrants.
- Registrants with a disability or requiring special accommodations should call 717-234-2603 prior to event date.
- Keep a copy of this registration form for your records.
- PACA reserves the right to dismiss any registrant for disruptive behavior toward the staff and/or other attendees. Registrants dismissed for disruptive behavior are not eligible for a refund of their registration fees and will be reported to their employer.
- The registrant voluntarily assumes the risk of injury to themselves which may result from the training, testing or demonstration and releases and discharges PACA, the facility providing the training, testing or demonstration site and the provider of the training, testing or demonstration from all claims or liability by participant resulting therefrom.
